

Origami windmill

Instructions:

1. Fold the paper diagonally, open again, fold the other diagonal as well and open again
2. Fold two corners to the centre
3. Turn over - fold both corners towards the centre of the paper
4. Now fold the other two corners towards the centre of the paper too
5. Turn over - fold the remaining corners towards the centre of the paper
6. Now pull out the folded flaps to create the pinwheels
7. Punch a hole in the straw with the awl (1-2 cm from the top end)
8. Secure the pinwheel and straw together with the pattern clip - done!

Materials:

- a square of paper (15 x 15 cm)
- paper straw
- pattern clip
- sharp object (e.g. awl)
