

The Encavis Sustainability Committee

Our Sustainability Committee, established at highest management level, guides the effort and commitment towards ESG matters and ensures regular review of relevant ESG topics including health, safety, security and environment (HSSE), corruption, procurement, environmental and social impacts and stakeholder engagement. The Sustainability Committee has six members: the CEO, the CFO and the COO of Encavis AG, the two Board Members of Encavis Asset Management AG and the Head of the Sustainability & Communications Department.
